顶立钢领
DL RING

中外合资咸阳顶立机械制造有限公司
XIANYANG DURABLE MANUFACTURING CO. LTD.

Ring

公司简介

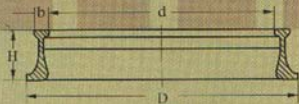

COMPANY BRIEF

咸阳顶立机械制造有限公司是国内首家与外商合资生产经营棉纺专用件钢领的专业化生产企业。地处古都咸阳市工业区，东距陕西省省会西安15公里，北邻咸阳国际机场，陇海铁路、西宝高速公路、312国道从市区穿越，航空、铁路、公路四通八达，交通十分便利。

公司坚持高起点、高标准，采用了全新的生产设备和先进的加工技术，选用优质材料，产品主要面向国际市场，部分内销，规格型号齐全，能满足纺多种纱支的需要。

生产高质量、高技术的产品是公司永恒的主题，一切为用户着想是公司的忠诚承诺。

减少毛羽请用“DL”牌钢领，提高成纱质量请使用“DL”牌钢领
 Let DL ring reduce hairiness, upgrade yarn quality.

PG 系列钢领用途

PG Series Flange Ring Application

我公司生产的PG系列钢领，306型在纱机和锭机上使用，适用一精纺、8支的细纱及捻花。

本牌钢领的主要性能：

1. PG系列钢领的内圈采用精磨，其配合良好，纱线通过顺畅。由于内圈深，芯线薄所以钢领在运行时不与内外壁接触，不会产生尖角应力。

2. DL 牌钢领特殊的加工工艺，并经过特殊的处理，上车无毛刺，接头少，减小毛羽，提高成纱质量，使用方便，上车时只需用最细软的毛料擦拭表面，去油去脂，不要其他任何表面处理，使用寿命长。

3. 适用各种支数的细纱。

PG Series Flange Ring made by our company, used on ring spinning frame and twisting machines, is suitable for processing pure cotton, chemical fiber and its blends.

The main properties of DL Brand Ring:

1. The inner ring track of the PG type ring is designed with precision, good anti-wedge property, and wide yarn travelling track. With the deep inner track and thin neck wall, the ring traveler does not touch inner or outer track wall at running. Therefore, no sudden tension will occur.

2. DL brand ring is processed with special technology and special finish. It is convenient in usage and the yarn quality is improved by reducing end breakage and yarn hairiness. Before using, just wipe the surface with clean soft cloth to remove the oil. It does not need any other treatment on the surface. The running life is long.

3. It is suitable for various yarn count.

Xianyang Durable Manufacturing Co., Ltd., the first joint venture company with foreign investment in China, specializes in manufacturing steel rings. It is located in the Industrial Zone of Xianyang City, 15 kilometer east of Xi'an, the capital of Shaanxi Province, and close to its north is the Xianyang International Airport. Transport facilities are very convenient with airways, railways and highways radiating in all directions.

The company upholds high starting point and high quality, adopts brand new production equipment and advanced processing technology as well as high quality materials. The products are mainly export-oriented and partly sold in domestic market. All types and sizes are available to satisfy the requirements of various yarn counts.

Products with high quality and technology are the eternal motif of the company. To serve the interest of our customers is the sincere promise of the company.
